OPEN HOUSE 10/27/2019 (2:00PM-4:30PM)

Directions: Venice adjacent ... 2 blocks east of Walgrove ... across from Venice High

Remarks: Known as the "Prototype," this architecturally-recognized home + studio was designed by Jonathan Davis. The loft-like living/eating/cooking space on the top opens up to sunlight, two terraces, ocean breezes and views from the back deck of sunsets on the Santa Monica Mountains. The bedrooms, consisting of a master + two more, are nestled on the second level. The ground floor working studio could also be additional living space for entertaining or guests. Every inch of the 2,100 square feet is used efficiently to provide ample room. Built-in walls of cabinets & shelves offer abundant storage. This unique home is made of green materials, incorporating ecologically sound and energy efficient technologies including zero VOC paints and finishes, low flow fixtures, flash water heating, radiant heat floors, wheat board paneling, cork and recycled rubber flooring, and photo-voltaic solar panels. The windowless front, thick glass, extra insulation, 5' railings and walls create a private-feeling.

Agent Remarks: This is a single family home that was designed to be a living space with a first floor working architecture studio.

Showing Remarks: Best days for showings are Tuesday and Sundays. Please call or email ... NO TEXTS, Please.
